- JavaScript / Java
- Kotlin
- CSS/Tailwind
- MERN Stack
- Node.js
- MySQL
- HTML
- Figma
- Python
- C/C++

## LANGUAGE

English

Sinhala

## About Me

I am a motivated and driven Information Technology undergraduate actively seeking an internship opportunity in the IT field. With a strong foundation in development and problem-solving, and proven leadership experience, I bring both technical skills and a collaborative mindset. A proactive learner and extrovert who thrives on challenges, teamwork, and bridging the gap between technology and business needs.

Additionally, I have strong foundational knowledge of project management methodologies including Agile and Waterfall. Known for effective communication, team collaboration, and professional engagement with stakeholders, I am eager to contribute to dynamic teams and grow in the field of project and operations management.

## PROJECT WORK HISTORY

SLIIT | 02/2025 - 05/2025

### CAMPEASE (Camping Gear Rental Management Web)

Collaboratively developed CAMPEASE, a web platform for renting camping gear tailored to meet specific client requirements, users' dream vacation experiences, using React and Vite. Partnered with team members to design engaging user interfaces, implement responsive layouts, and deliver an immersive user experience aligned with modern design standards and user needs. (Source code available on GitHub)

- Used JavaScript programming language
- Used MongoDB Database
- Used HTML & Tailwind/CSS frontend technologies
- Used React Vite
- Applied Agile project management methodology

SLIIT | 07/2024 - 11/2024

### WashWise (Online Laundry Management System)

Collaboratively developed WashMart, built with Java and MySQL. Designed to streamline order processing, service tracking, and customer management. Gained hands-on experience in back-end development, database integration, and user interface design. (Source code available on GitHub)

- Used JAVA, MySQL programming language
- Used HTML & CSS frontend technologies
- Applied Agile project management methodology

# RESEARCH

2019 – 2020

## Sri Lanka Girl Guides Association in collaboration with the Colombo Plan

Received ethical clearance from Kandy National Hospital to conduct research titled "A Study on the Causes, Consequences, and Support Services of Unplanned Teenage Pregnancy." The project was organized by the Sri Lanka Girl Guides Association in collaboration with The Colombo Plan, focusing on the Central Province. Served as the Team Leader of the five-member research team representing the region.

# EDUCATION

## B.Sc.(Hons) in Information Technology Specializing in Information Technology (3<sup>rd</sup> Year)

### Sri Lanka Institute of Information Technology (SLIIT)

2023 - Present | Cumulative GPA - 3.326  
Dean's List Award – 3rd Year, 1st Semester (GPA: 4.00)

## Foundation in Information Technology & English

### ESOFT Metro Campus 2022

## G.C.E A/L Examination Mahamaya Girls' College Kandy

2020 - 2022

Business Studies - A  
Economics - B  
Accounting - C  
General English - B

## CIMA Certificate Level Achievers London Business School (Sri Lanka)

2022 - Up to date

# PROJECT WORK HISTORY

SLIIT | 02/2024 – 06/2024

## AdMaven (online Advertising Agency)

Collaboratively developed AdMaven, a simulated online advertising agency platform designed to bridge the gap between content creators, advertisers, and popular brand channels. The platform enables users to seamlessly create, manage, and publish advertisements through a network of available brand partnerships. (Source code available on GitHub)

- Used MySQL Database
- Used HTML5 & CSS3, JavaScript frontend technologies
- Backend: PHP
- Tools: XAMPP / MAMP, phpMyAdmin
- Applied Agile project management methodology

SLIIT | 04/2025 – 05/2025

## MonTracker (Personal Finance Tracker App)

Individually developed a mobile application using Android Studio with Kotlin, focusing on simplicity and usability through XML-based UI design. Implemented Shared Preferences for data persistence and Internal Storage for backup functionality. Integrated Android Notification Manager for push notifications and utilized SQLite with Room (ORM) for efficient local data management. Gained hands-on experience in applying core Android development principles to build a functional and user-friendly application. (Source code available on GitHub)

- Applied Agile methodology and Figma for project app success

# EXTRA CURRICULAR ACHIVEMENTS

- A member of the World Girl Guide Association
- President's Guide Award
- Vice President of Student Interactive Society (The main student management body, known as SIS) - SLIIT (2024/2025)
- Semi Finalists - Central Provincial Badminton Championship
- Senior Prefect/House Captain(2019/2021)
- School Special Colours
- All Island Mass Media Committee (2019-2021)
- Best Hiker(All Island-2019)
- All Island Senior Announcing 3<sup>rd</sup> Place
